Marcus, our final chance to turn around this disaster is now. Our final chance ends in 18 days. if we haven't somehow created a market during the ICO (and so far we have not) and sold a ton so we have funds to build this project, this project is over. | 11/27/2017 8:46:03 PM(UTC+0) |

I'll find it for you real quick on Google one second
- ☆  @s.whatsapp.net Marcus Andrade 11/27/2017 8:47:39 PM(UTC+0)
Also when I mean listed I mean getting on the exchange which is a done deal
- ☆  @s.whatsapp.net Marcus Andrade 11/27/2017 8:47:48 PM(UTC+0)
If there was no exchange then I would be really panicking but there is
- ☆  @s.whatsapp.net Jack Abramoff 11/27/2017 8:48:02 PM(UTC+0) 
I do not believe that is correct any longer. If that were correct, people would already be buying, since we have had far more PR than any other coin (I am watching this closely for the last 4 months). and yet people are not buying. they have no reason to buy on the exchange.
- ☆  @s.whatsapp.net Jack Abramoff 11/27/2017 8:48:28 PM(UTC+0) 
i think your hope is misplaced. why do you think that going to the exchange is going to somehow make us have more buyers, when almost no one bought during the ICO?
- ☆  @s.whatsapp.net Marcus Andrade 11/27/2017 8:49:12 PM(UTC+0)
I hear you but I assure you your view on this is wrong when it comes to digital currency trading sites
- ☆  @s.whatsapp.net Marcus Andrade 11/27/2017 8:50:24 PM(UTC+0)
Okay I will get off this subject and get to the next subject but we will have a call on this and I will provide you more detail why I am confident with the exchanges
- ☆  @s.whatsapp.net Jack Abramoff 11/27/2017 8:52:45 PM(UTC+0) 
given the track record of assurances and disappointments on this project, I am sure you can appreciate the fact that I am less hopeful than you seem to be. If we cannot get people to buy when the price is \$1 on the ICO, then why would they buy at all during the trading? in fact, I believe we will likely see many aten coin holders and pre-ICO investors dumping their coins as soon as they can, since they smell that we have problems. that will drive our price DOWN not up. Anyway, we can chat about this, but we need to fix this problem by getting our marketing fixed!! what the f is that marketing person doing? to say that she is advertising elsewhere or whatever her current excuse is, does not make sense. I have a dozen people, trolling all over. no one is seeing anything from us. Are we just without any funds to pay for this effort?
